

SMALL HOLDER — FEED —

Rabbit and Guinea Pig Feeds

Made from high quality ingredients, these feeds are approved by the Vegetarian Society. They do not contain any genetically modified ingredients and are completely drug free.

Why choose Small Holder Feeds

- We only source **Non-Genetically Modified - (Non-GM)** Ingredients
- All of our feeds are **Vegetarian Society Approved**
- All of our feeds are made in our own **Drug Free Mill**
- The **Natural Ingredients** in this feed can change seasonally, so occasionally it may change colour
- We only use **Premium Grade Vegetable Oils**
- **No Chemically Extracted Ingredients** such as extracted soya (extracted with the solvent hexane) are used in our feeds
